Please record your Application ID in a safe and secure place.
If there are technical issues with the system, or you want to complete your application some other time, you can save your work and later, start where you left off. In order to access your application later, however, you will need: (1) your Application ID, and (2) the answer to the security question that you will choose on this page.

To choose a security question, pick the one you like the best from the dropdown list, type your answer to that question in the box below, and click "Continue." Remember: In order to access your application later, you will need to know the answer **exactly as you wrote it on this page.**

You can also use your Application ID and security question to retrieve your Confirmation Page after you have submitted your application, or to use your previously provided application information to complete a new application at a later date.

Electronically submitting your DS-160 online application is only the first step in the visa application process. Once you have electronically submitted your DS-160 online application, you must contact the embassy or consulate at which you wish to apply to confirm whether you need to be interviewed by a consular officer, and to schedule an interview. You can find a list of U.S. embassies and consulates [here](#), with links to their websites where you can find information about scheduling a visa interview appointment. If the embassy or consulate at which you apply informs that you must have a visa interview, the visa application process cannot be completed until you appear for an interview with a consular officer.
