PROJECT: INSTALLATION OF REPLACEMENT HVAC PUMPS

LOCATION: CHANCERY US EMBASSY

PREPARED BY:

DATE:

ITEM	DESCRIPTION	Unit	Qty	LABOR US \$	MATERIAL US \$	TOTAL US \$
1.01	Mobilization					
1.02	Prepare CAD drawings for the new HVAC pumps	glb	1			
1.03	Remove existing HVAC pumps	each	8			
1.04	Installation of the New HVAC Pumps					
1.04.1	Supply and return chilled water piping connections to the new HVAC pumps including all fittings and thermal insulation.	each	8			
1.04.2	Power electrical connections to the new HVAC pumps to include rigid EMT piping, metal flexible piping and wiring	each	8			
1.04.3	Control connections among for the new HVAC pumps	each	8			
1.04.3	Alignment between the motor and the pump	each	8			
1.09	As Builds CAD drawings	glb	1			
1.10	Start up, testing and balance reports.	glb	1			
1.11	Demobilization					
1.12	Supervision					
	Total Installation Expenses					
	Overhead & Profit					
	Sub-Total					
	IGV (18%)					
	Total Installation
