Peac Corps Peru is looking for a technical trainer for its Community Health Promotion program, to work in training new Volunteers. The contract period will be from August 19 through November 27, 2013. The training will be based in Chaclacayo, outside of Lima.

Candidates must have Peruvian residence.

Resumes and cover letters should be received by May 24, 2013, by e-mail to aluthi@pe.peacecorps.gov

Basic Functions
The Technical Trainer facilitates and guides the Community Health Trainees in the learning and practice of technical competencies. Working with the Associate Director of the Community Health program, and a co-trainer, the Community Health Trainer plans and facilitates sessions and activities, develops training materials and contacts, and coordinates the integration of Health Promotion training with language facilitators and other training staff.

Qualifications
- University degree in nursing, psychology, social services, etc. or significant studies and experience in any of these areas
- Two years of work experience in the public health field, preferably with NGOs or development agencies working in rural communities in Peru or other Latin American countries
- Familiarity with the Peruvian community health promotion sector and the Peruvian Ministry of Health
- Experience working as a trainer using non-formal education methods for adult education
- Excellent communication skills in English and Spanish. Bi-cultural working experience preferred.
- Ability to motivate and work with youth
