**Name of Company:**

Building Pictures

### **Give a brief description of the company.**

Building Pictures is pioneering the communication of architecture through telling stories of spaces using video.

The stories of spaces as projects, under construction and as finished work, help architecture firms, construction firms, real estate and other institutions connected to spaces as well as the city to promote their work.

The democratization of multimedia platforms has made video one of the best ways to show space. With video, we travel in time and are better able to communicate Architecture. In a glimpse, we can meet a project, a building, a city...

Building Pictures also organizes competitions - "What is Your Favorite Space" - and produces monthly episodes: "Arquitectura à Moda do Porto", approaching the community to Portuguese and international architecture.

### **What does your business hope to achieve through Connect to Success's Corporate Mentoring Program?**

I founded my company called Building Pictures, in April 2014, as a company specialized in architecture videos.

Since then I am committed to my two passions (video and architecture) always trying to find new, creative and better ways to run my business.

I wish to participate in Connect to Success because I think it's an excellent opportunity to learn, exchange experiences, to make new networking, as well as boost my company internationalization and an excellent opportunity to make my business grow.
