

Message to U.S. Citizens in Ecuador

Worldwide Travel Alert

October 3, 2011

The Department of State alerts U.S. citizens to the potential for retaliation against U.S. citizens and interests following the deaths of key figures in the terrorist group al-Qaida in the Arabian Peninsula on September 30. This Travel Alert expires on November 30, 2011.

On 30 September, U.S. and Yemeni government officials confirmed that dual U.S.-Yemeni citizen Anwar al-Awlaki, the external operations leader of Al Qaida in the Arabian Peninsula (AQAP), was killed in Yemen. Open source information also indicates that U.S. citizen and AQAP propagandist Samir Khan was killed along with him. Awlaki played a key role in advancing AQAP plots targeting the United States.

The death of Awlaki, in the near term, could provide motivation for anti-American attacks worldwide from individuals or groups seeking to retaliate against U.S. citizens or interests because of this action. In the past Awlaki and other members of AQPA have called for attacks against the United States, U.S. citizens and U.S. interests. Awlaki's standing as a preeminent English- language advocate of violence could potentially trigger anti-American acts worldwide to avenge his death.

U.S. citizens are encouraged to enroll in the Smart Traveler Enrollment Program (STEP). U.S. citizens without internet access may enroll directly at the nearest U.S. Embassy or U.S. Consulate. By enrolling, U.S. citizens make it easier for the embassy/consulates to contact them in case of emergency.
