Mr. Nikolay Alexeyev  
 Head of LGBT Human Rights Project GayRussia.Ru  
 ADDRESS?

Dear Mr. Alexeyev:

The — United States Department of State appreciates your contribution to organizing <sup>the</sup> a public rally  
 "In support of ceasing <sup>the</sup> the Russian aggression against Ukraine and restoring friendly relations  
 with Western countries" on May 1, 2015.

It is worth noting that <sup>the</sup> consistent actions of LGBTI activists during the demonstration  
 triggered widespread media coverage of the event, as well as negative responses from Russian  
 officials, which is a clear sign of excellent training and qualification of the protesters.

Following the results of the rally, <sup>the</sup> United States Department of State made a decision to  
 redistribute funds allocated for promoting democracy in Russia <sup>AMONG</sup> between human rights  
 organizations. LGBTI Human Rights Project GayRussia.Ru and other LGBTI organizations  
 will get increased financing at the expense of other opposition democratic organizations,  
 considering their low efficiency in developing civic society in Russia.

You should contact Minister <sup>COUNSELOR</sup> <sup>Civil</sup> <sup>the</sup> Consular for Public Affairs at U.S. Embassy in Moscow, Jeffrey  
 Sexton, regarding further financial and organizational issues.
