

# Healthcare Technology and Health Services Trade Mission to Saudi Arabia and Kuwait

As part of the growing strong commercial relations between the United States of America and the Kingdom of Saudi Arabia, a *U.S. Healthcare Technology and Health Services Trade Mission* will be visiting Saudi Arabia & Kuwait April 23 – 28. The Mission will comprise 19 leading U.S. firms and hospitals with stops in Riyadh, Jeddah, and Kuwait. The purpose of the mission is to introduce U.S. healthcare technology and services companies to the Kingdom of Saudi Arabia, identify areas of cooperation, encourage private-public partnership programs, discuss the training and development of future Saudi healthcare professionals, as well as develop cooperation between Saudi and their U.S. counterparts in information technology and health information systems.

We invite you to meet with American executives participating in this Trade Mission during their stop in Riyadh, April 24 & 25, 2016.

Trade mission participants include:

- **All Scripts (Health IT)**
- **American Medical Technologists (Association)**
- **Baylor St. Luke's Medical Center (Hospital System)**
