

Outreach Program at Bo American Corner and Kabala and Makeni Libraries
November 9 – 11, 2011

November 9 – 11, the Information Resource Center (IRC) did outreach programs at Bo American Corner and its partner institutions in Makeni and Kabala. At Bo American Corner, over 80 students turned out for the program. The film “An American Girl Holiday” was screened followed by a question and answer session. The students were very enthusiastic and requested the IRC to continue more programming at the Corner. The same program was replicated at Makeni and Kabala Libraries, partner institutions.

Reading materials, including books, magazines, educational advising brochures and college preparation and testing materials were distributed to the students.
