October 19, 2011

GREEN COUNCIL AND EMBASSY CHILDREN
CELEBRATE THE LEGEND OF JOHNNY APPLESEED

To celebrate the life of Johnny Appleseed, the Freetown Green Council hosted a tree planting event with children from the embassy. The program started by reading a story to the children about Johnny Appleseed. Then the children each planted a tree

in a flower planter so they can keep it on their deck and monitor its growth. Following the spirit of Johnny Appleseed, the children will plant their trees at the embassy next year for future generations to enjoy.
