SECTION 1 - THE SCHEDULE

CONTINUATION TO SF-1449
RFQ NUMBER S- **SF750-12-R-0053**
PRICES, BLOCK 23

I. Scope of Services - Embassy Pretoria and Consulates Cape Town, Durban and Johannesburg

The contractor shall complete all work, including furnishing all labor, material, equipment, and services, unless otherwise specified herein, required under this contract for stated services within the time specified herein. The price listed below shall include all labor, materials, overhead, and profit. In consideration of satisfactory performance of all scheduled services required under this contract, the contractor shall be paid a firm fixed-price for all services.

II. Base Period – May 1, 2012 – April 30, 2013

1. The Contractor shall furnish all engineering, labor, tools, equipment, materials, supplies and services to provide the required circuit as specified under Section 1, hereof:

2. Prices. In consideration of satisfactory performance of the services required under this contract, the Contractor shall be paid for each circuit a firm fixed-price (FFP) per month as stated in the schedule below in South African Rands. The contractor shall be responsible for payment of end-to-end circuit billing. The monthly price shall include non-recurring and recurring costs (advance payments are not allowed).

2.1. The firm fixed-prices are in South African Rands for each Circuit listed in scope of work. In addition, the ALT route capabilities in Pretoria and Cape Town shall be quoted using an alternative physical path than the primary circuit.

Base Year: May 1, 2012 – April 30, 2013

g. The Contractor shall allow Department of State technicians to inspect labeling at all network locations

I. Acceptable Level of Performance. The Standard of Performance (SP) for this contract is 99.5 percent availability per month (100 percent less 0.5 percent each month for corrective and preventive maintenance).

J. Inspection and Acceptance. Unless specified in the Contract, the Embassy shall require a period not to exceed 48 hours in order to perform testing to determine acceptance of the circuits. The circuit must meet service performance and availability as defined in section H above.

The contractor shall:

1. Compile and analyze usability testing results to develop a written report of findings, including screenshots, problems, and proposals to resolve problems and recommendations for improvements.
2. Give a semi-annual onsite presentation of findings to the Embassy Contracting Officer's Representative.

K. Term of Contract: The required circuit shall be installed and delivered to the Destination Point on or before the Notice to Proceed. Upon successful installation and acceptance by the Embassy of the required circuit under Section C, the contractor shall be provided, in writing, notice to proceed and shall provide contractual services for a twelve (12) month period, commencing on April 1, 2012.

L. The Contractor agrees that the work and services set forth in this contract shall be performed during the period commencing the effective date of this contract and shall continue through the end of the twelve month period of service, excluding the exercise of any option.

M. Option years, if exercised, as reflected in Section 1, shall be for Twelve (12) months each, commencing at the expiration of the previous period of performance.

T. PROJECT DELIVERABLES and ACCEPTANCE CRITERIA

Deliverable Acceptance Criteria:

a. Contractor trained member working with mission IT technicians shall complete installation of the circuits into the Embassy and consulate compounds.
b. All cabling shall be labeled, managed, terminated and tested.
c. Fiber connectivity is required.
d. All fiber shall be terminated with ST connectors and presented in fiber RIC's or equivalent at the various locations.
e. All network points installed shall be tested as stated above
f. All test results shall be furnished in hard copy form and delivered to the Embassy Information Management Officer (IMO).
g. A Contractor certified engineer must install, configure and test all networking hardware and verify end-to-end connectivity at all locations between the Embassy or Consulates and the network.
h. This includes to the network entry point, through the network management center, from the network management center through to any intermediary points, and through to the next "hand off" point.

- Project Deliverables are specified below in accordance with the following project plan.

U. PROJECT PLAN AND DELIVERABLES

The contractor shall provide technical reports, documentation and deliverables in written and electronic format and shall provide monthly written progress reporting. All tasks below must be completed and all circuits must be fully operational by May, 2012.

1. Task 1: Link physical connection to the Embassy and Consulates identified above.

The contractor shall:

- Develop a project proposal
