U.S. Ambassador’s HIV AND AIDS Community Grants

The U.S. Ambassador’s HIV and AIDS Community Grants program assists small, grassroots, community-run projects in all nine provinces of South Africa. It aims to strengthen prevention, care and health service delivery in communities affected by HIV and AIDS. The program funds community groups who provide support for:

- Orphans and vulnerable children (OVC)
- Community-based HIV and AIDS palliative care and home health care

Projects funded under this program are required to have community support in the form of money, labor and/or other services. The greater the involvement and contribution from the local community, the more likely the grant request will gain approval. Projects should aim to make a long-term impact in their communities and move towards sustainability. After the grant money is used, the project must be able to continue on its own or with forthcoming help from the community.

The Community Grants program is funded by the U.S. President’s Emergency Plan for AIDS Relief (PEPFAR). Each organization that is funded will be required to measure and report the results it achieves by following PEPFAR’s reporting requirements. Grants generally amount to approximately US $15,000 (approximately R 120,000 at current exchange rates). Grants are awarded for a one-year period. Each application received by the deadline of March 1, will be considered. If your organization’s application has been short-listed, you will hear from the Community Grants Office by 1 August. Please be aware that the Community Grants program receives hundreds of applications, but there are limited funds available.

Please read the Project Guidelines on the following pages carefully. If you have questions or need assistance with this form, please call the Community Grants office that covers your location or email: Communitygrantspretoria@state.gov.

If your organization has a project that falls within the U.S. Ambassador’s HIV and AIDS Community Grants Program guidelines, use the attached application to apply for a grant and send it to the office address below. PLEASE NOTE THAT THE APPLICATION FORM IS FREE OF CHARGE. THERE IS NO COST TO APPLY FOR THIS GRANT. If, after reviewing your application, the Community Grants Office thinks your organization is a good candidate for the grant, a Community Grants Coordinator may contact you and schedule a site visit to assess your project.

U.S. Ambassador’s HIV AND AIDS Community Grants (updated 11/2012) Page 1
QUALIFICATIONS FOR FUNDING

All applicants must be registered NPOs and have been in operation for at least two years to be eligible for funding.

HIV and AIDS Community Grant activities fall into one of two categories:
- Orphans and vulnerable children (OVC)
- Community-based HIV and AIDS palliative care and home health care

There is no one ideal Community Grant project. However, successful projects share similar features. Community Grant activities should:
- Support orphans and vulnerable children (OVC) and/or people living with HIV or AIDS.
- Improve basic conditions at the local, community or village level (i.e. through providing care and support to OVC and/or people living with HIV and AIDS or TB).
- Be community driven. Projects should focus on communities, not individuals.
- Provide services directly to the community.
- Benefit a substantial number of people in the community.
- Involve a contribution of labor, money or materials by members of the local community.
- Be within the means of the local community to operate and maintain.
- Use the entire grant within the one-year agreement period.
- Be conducted by local (South African) groups. Community-based organizations, faith-based organizations and groups of people living with HIV or AIDS are encouraged to apply.
- Be focused on long-term community impact and the project must be able to continue on its own or with help from the community when the grant is completed.
- Be able to measure the results of the project (for example, be able to count children or patients served; number of volunteers trained; number of people reached during a campaign.)

ACCEPTABLE USES FOR COMMUNITY GRANTS FUNDING

Funds may be requested for any of the following:
- Home-based caregiver kits and medical supplies
- SETA-Accredited training or organizational capacity training for staff and volunteers
- Equipment for OVC centres
- Educational materials and training supplies
- Equipment, materials and technical training for income generation initiatives
- Administrative or operating costs that contribute towards managing the grant and, on a limited basis, support general operations, such as telephone costs, postage, transport and supplies/photocopies. However, administrative costs must be less than 10% of the total budget request.
• Structured and measurable prevention and awareness campaigns, workshops, and outreach sessions to the community. The Community Grants Office can assist you to obtain free prevention materials from PEPFAR and the South African Government to use during campaigns. Therefore funds cannot be used to develop prevention materials that can be obtained from other sources.

Unauthorized Uses for Community Grant Funding
• The program cannot contribute money to a building fund, nor can it pay for stipends, motorized vehicles (or the maintenance of project vehicles), medicine, school uniforms, school fees, bursaries or personal expenses. Also, the purchase of food is strictly prohibited with these funds.
• The program cannot fund private businesses, private crèches, or public schools.

Measurable Results
To qualify for funding, your project must be able to measure how it contributes to HIV/AIDS and OVC care. (Page 5 of the application asks for these statistics.) Additionally, each project accepted for funding must report results twice a year. You must be able to count or describe the following:

Orphans and Vulnerable Children (OVC) Projects
• Services provided (such as educational support, child protection, HIV and AIDS prevention education, general health care)
• Number of children served
• Number of providers/caregivers trained

Community-Based Palliative and Home Based Care (HBC) Projects
• Number of individuals provided with general HIV-related palliative and home care
• Number of caregivers trained to provide general HIV-related palliative and home care

For example, an OVC care program might report that over the last year, 75 OVCs received educational support and child protection. A program of home-based caregivers might explain that they provide care to 120 patients annually. A HBC group might train eight community volunteers each year in palliative care. These numbers reveal the work that the project has accomplished, so they are measurable results.

Expenditure Reporting
You must account for the funds you have spent, by submitting original receipts for every Rand provided in funding. These will be collected twice during the year, once after 31 March, and once after 30 September. If reports are not submitted, all further funding to your group will be discontinued.

Project Description

What month and year did your project or organization start? __________________

What month and year did your project or organization register as an NPO (date on NPO certificate)? ________

How many caregivers work in your project? _________________________________

How many caregivers currently receive stipends? ____________________________

Total number of staff involved in your organization (including caregivers)?__________
Measurable Results
What measurable results did your program achieve last year? See Project Guidelines for more information on Measurable Results.

☐ Orphans and Vulnerable Children are defined as:

A child, 0-17 yrs, who is either orphaned or made more vulnerable because of HIV and AIDS:
Orphan: has lost one or both parents to HIV and AIDS
Vulnerable: is more vulnerable because of any of the following factors that result from HIV and AIDS:
  • Is HIV +
  • Lives without adequate adult support (e.g. in a household with chronically ill parents, a household that has experienced a recent death from chronic illness, a household headed by a grandparent, and/or a household headed by a child);
  • Lives outside of family care (e.g. in a residential care facility or on the streets);
  • Is marginalized, stigmatized, or discriminated against.

Number of orphans and vulnerable children served (age 0-17): ________________________________
Types of services your organization provides to orphans and vulnerable children: ____________________

☐ Home Based Community Care is defined as:

Providing caregiver visits to community households with services such as counseling, care and referrals.

Total Number of households served:_________ Total number of patients served:____________
Number of HIV+ patients you provide care for:_______ Number of patients being treated for TB:_________
Types of HBC services your organization provides to people living with HIV and AIDS: _________________

☐ Community Outreach: HIV and AIDS Prevention & Awareness Campaigns as defined as:

Educational events including camps, workshops, candlelight vigils, etc. that disseminate information to promote the health and wellbeing of the community.

Number of community members educated with HIV and AIDS Prevention & Awareness last year: __________
Prevention and Awareness activities your organization implements:______________________________

Please list additional training needs of staff and caregivers:

___________________________________________________________________________________________
___________________________________________________________________________________________
___________________________________________________________________________________________
___________________________________________________________________________________________
___________________________________________________________________________________________

What kinds of community linkages does your organization have? Are you a member of or do you interact with:

- Local government HIV and AIDS advisory bodies or task forces (e.g. War rooms, SANAC, Child protection forums)
- NGO networks
- Local clinic(s)
- Other (please specify):

Do you work with the Provincial Department of Health and/or Social Development? If so, please describe how:

___________________________________________________________________________________________
___________________________________________________________________________________________
___________________________________________________________________________________________

Please describe any income generation activities at your project (activity start date, who is involved, how much profit do you make a month, etc.):

___________________________________________________________________________________________
___________________________________________________________________________________________
___________________________________________________________________________________________
___________________________________________________________________________________________
What is the long-term vision for your organization? Where do you see this project in 5 years?

___________________________________________________________________________________________

___________________________________________________________________________________________

How do you plan to work towards your vision and sustain the project when the grant period is over?

___________________________________________________________________________________________

___________________________________________________________________________________________

Do you have any funding applications currently being considered? If yes, which donors?

___________________________________________________________________________________________

___________________________________________________________________________________________

Is your organization in good financial standing? If not, please explain the issues affecting the organization (i.e. bad debts, creditors are threatening or undertaking legal action, prior misuse of funds or fraud claimed against the organization and/or members):

___________________________________________________________________________________________

___________________________________________________________________________________________

**Contributions from the Community**

*What has the community contributed to the organization? Please check all boxes that are relevant to your organization. Provide amount, date and purpose of cash contribution.*

- [ ] Community cash Amount: ___________ Year: _______ Purpose: ______________
- [ ] Community labor: ________________________________
- [ ] Community volunteers: ____________________________
- [ ] Community food contribution: ______________________
- [ ] Community clothing contribution: ____________________
- [ ] Community donation other (please specify kinds such as office space, etc.): ____________________
**Contributions from Non-Governmental Donors**
What have other donors contributed to the organization? Please list your organization’s top 6 non-governmental funders. Provide name of donor, amount, date and purpose of contribution. Continue on separate piece of paper if necessary.

Amount: Year: Activity:

U.S. Government Support
Has your organization ever received funding from the U.S. Government or PEPFAR? Yes____ No____

(If yes, please provide dates and purpose of funding)

Do you now or have you ever had a U.S. Peace Corps volunteer work with your group? Yes____ No____

If you are a current or previous Community Grants recipient, please answer the following questions:

When were you a Community Grant recipient?

What was the funding used to purchase or what will be purchased?

Please list specific ways the funding positively impacted your organization:

Please summarize how the grant contributed towards the organization’s long-term goals and/or sustainability, using a few key concrete examples:

Explain how an additional grant would build on progress made and result in more growth and/or sustainability:
Have you accessed other donor funding and/or been successful with fundraising efforts since receiving your previous Community Grants funding? _____ Please provide examples: ________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

If you received Community Grants funding for income generation, please discuss the state of those activities, including current number of people involved, amount of profit made per month, how profits are used, and how you expect the project to progress going forward: ________________________________________________

For your application to be considered, you **MUST** attach the following documents: (please tick box when attached)

- Copy of annual operating budget for the most recent year
- A list of committee/Board members with their names, positions, addresses, and phone numbers
- A list of all people working in the organization (including all staff and volunteers) with names, positions and starting dates
- A map showing how to get to your project from a major road
- Copy of your most recent bank statements for every account held by your organization. If your organization has had an audit, please send a copy of the most recent audited financial statement
- For organizations operating on their own land, proof that the organization has its own land (in the name of the organization) or permission to occupy the land, e.g. signed lease agreement or land deed
- Two letters of reference from community stakeholders/partners who are not formally part of your project or organization
- A copy of your NPO registration from the Department of Social Development
- A copy of your valid registration certificates from Department of Social Development/Department of Health as an ECD centre, a place of safety, or children’s home if you run a crèche or temporarily or permanently house OVC
- Certified copies of Project Coordinator and alternate responsible person’s ID book
- Quotes for equipment and training requested in the budget

**PLEASE NOTE THAT INCOMPLETE APPLICATIONS WILL NOT BE CONSIDERED.**
**Also, we do not return applications, so please make a copy for your records.**

I hereby certify that the information submitted within this application and supporting documents are true to the best of my knowledge. **False claims will result in elimination from consideration.**
