U.S. Ambassador’s HIV AND AIDS Community Grants

The U.S. Ambassador’s HIV AND AIDS Community Grants program assists small grassroots, community-run projects in all nine provinces of South Africa. It aims to strengthen prevention, care and health service delivery in communities affected by HIV and AIDS. The program funds community groups who provide support for:

- orphans and vulnerable children (OVC)
- community-based HIV and AIDS palliative care and home health care

Projects funded under this program are required to have community buy-in in the form of money, labor or other services. **The greater the involvement and contribution from the local community, the more likely the grant request will gain approval.** Projects should aim to make a long-term impact in their communities and move towards sustainability. After the grant money is used, the project must be able to continue on its own or with forthcoming help from the community.

The Community Grants program is funded by the U.S. President’s Emergency Plan for AIDS Relief (PEPFAR). Each organization that is funded will be required to measure and report the results it achieves by following PEPFAR’s reporting requirements. **Grants generally amount to US $15,000 (approximately R 120,000 at current exchange rates).** Grants are awarded for a one year period. Each application received by the deadline of March 1, will be considered. If your organization’s application has been short-listed, you will hear from the Community Grants Office by 1 August.

**Please read the Project Guidelines on the following pages carefully.** If you have questions or need assistance with this form, please call the Community Grants office that covers your location or email: Communitygrantspretoria@state.gov.

If your organization has a project that falls within the U.S. Ambassador’s HIV AND AIDS Community Grants Program guidelines, use the attached application to apply for a grant and send it to the office address below. **PLEASE NOTE THAT THE APPLICATION FORM IS FREE OF CHARGE. THERE IS NO COST TO APPLY FOR THIS GRANT.** If, after reviewing your application, the Community Grants Office thinks your organization is a good candidate for the grant, a Community Grants Coordinator may contact you and schedule a site visit to assess your project.

QUALIFICATIONS FOR FUNDING

All applicants must be registered NPOs and have been in operation for at least two years to be eligible for funding.

HIV and AIDS Community Grant activities fall into one of two categories:

- orphans and vulnerable children (OVC)
- community-based HIV and AIDS palliative care and home health care

There is no one ideal Community Grant project. However, successful projects share similar features. Community Grant activities should:

- Support orphans and vulnerable children (OVC) and/or people living with HIV or AIDS.
- Improve basic conditions at the local, community or village level (i.e. through providing care and support to OVC and/or people living with HIV AND AIDS or TB).
- Be community driven. Projects should be oriented toward communities, not individuals.
- Provide services directly to the community.
- Benefit a substantial number of people in the community.
- Involve a contribution of labor, money or materials by members of the local community.
- Be within the means of the local community to operate and maintain.
- Use the entire grant within the one-year agreement period.
- Be conducted by local (South African) groups. Community-based organizations, faith-based organizations and groups of people living with HIV or AIDS are encouraged to apply.
- Be focused on long-term community impact and the project must be able to continue on its own or with help from the community when the grant is completed.
- Be able to measure the results of your work (for example, be able to count children or patients served; number of volunteers trained; number of people reached during a campaign.)

ACCEPTABLE USES FOR COMMUNITY GRANT FUNDING

Funds may be requested for any of the following:

- Home-based caregiver kits and medical supplies
- SETA-Accredited training or organizational capacity training for staff and volunteers
- Equipment for OVC centres
- Educational materials and training supplies
- Equipment, materials and technical training for income generation initiatives
- Administrative or operating costs that contribute towards managing the grant and on a limited basis support general operations, such as telephone costs, postage,
transport and supplies/photocopies. Administrative costs must be less than 10% of the total budget request.

- Structured and measurable prevention and awareness campaigns, workshops, and outreach sessions to the community. The Community Grants Office can assist you to obtain free prevention materials from PEPFAR and the South African Government to use during campaigns. Therefore funds cannot be used to develop prevention materials that can be obtained from other sources.

Unauthorized Uses for Community Grant Funding

- The program cannot contribute money to a building fund, nor can it pay for stipends, motorized vehicles (or the maintenance of project vehicles), medicine, school uniforms, school fees, bursaries or personal expenses. Purchase of food is strictly prohibited with these funds.
- The program cannot fund private businesses, private crèches, or public schools.

Measurable Results

To qualify for funding, your project must be able to measure how it contributes to HIV/AIDS and OVC care. (Page 5 of the application asks for these statistics.) Additionally, each project accepted for funding must report results twice a year. You must be able to count or describe the following:

Orphans and Vulnerable Children (OVC) Projects
- Services provided (such as educational support, child protection, HIV and AIDS prevention education, general health care)
- Number of children served
- Number of providers/caregivers trained

Community-Based Palliative and Home Based Care (HBC) Projects
- Number of individuals provided with general HIV-related palliative and home care
- Number of caregivers trained to provide general HIV-related palliative and home care

For example, an OVC care program might report that over the last year, 75 OVCs received educational support and child protection. A program of home-based caregivers might explain that they provide care to 120 patients annually. A HBC group might train eight community volunteers each year in palliative care. These numbers reveal the work that the project has accomplished, so they are measurable results.

Expenditure Reporting

You must account for the funds you have spent, by submitting original receipts for every Rand provided in funding. These will be collected twice during the year, once after 31 March, and once after 30 September. If reports are not submitted, all further funding to your group will be discontinued.

Project Description

What month and year did your project or organization start? ___________________________

What month and year did your project or organization register as an NPO (date on NPO certificate)? ________

How many caregivers work in your project? _________________________________

How many caregivers currently receive stipends? ________________________________

Total number of staff involved in your project (including caregivers)? _______________________

Measurable Results
What measurable results did your program achieve last year? See Project Guidelines for more information on Measurable Results.

☐ Orphans and Vulnerable Children are defined as:

A child, 0-17 yrs, who is either orphaned or made more vulnerable because of HIV AND AIDS:  
Orphan: has lost one or both parents to HIV AND AIDS  
Vulnerable: is more vulnerable because of any of the following factors that result from HIV AND AIDS: 
- Is HIV +  
- Lives without adequate adult support (e.g., in a household with chronically ill parents, a household that has experienced a recent death from chronic illness, a household headed by a grandparent, and/or a household headed by a child;  
- Lives outside of family care (e.g. in a residential care or on the streets);  
- Is marginalized, stigmatized, or discriminated against.

Number of orphans and vulnerable children served (age 0-17): ____________________________________________________________________________________________

Types of services your organization provides to orphans and vulnerable children: ____________________________________________________________________________________________

☐ Home Based Community Care is defined as:

Providing caregiver visits to community households with services such as counseling, care and referrals.

Total Number of households served: _______________  Total number of patients served: _______________

Number of HIV+ patients you provide care for: ____________  Number of patients being treated for TB: ____________

Types of HBC services your organization provides to people living with HIV and AIDS: ____________________________________________________________________________________________

☐ Community Outreach: HIV AND AIDS Prevention & Awareness Campaigns as defined as:  
Educational events including camps, workshops, candlelight vigils, etc. that disseminate information to promote health and wellbeing of community.

Number of community members educated with HIV AND AIDS Prevention & Awareness last year: __________

Prevention/Awareness activities your organization implements: ____________________________________________________________________________________________

__________________________________________________________________________________________

Organizational and Community Description
Please describe the community that your project serves (population, unemployment rates, infection rates, type of housing, etc.): 

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

Please describe the history and background of your project. What was the motivation for your involvement in working with people infected and affected by HIV, AIDS and TB?: 

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

Please describe the current activities of your project: 

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

Please describe the accomplishments/achievements of your project (including any awards or distinctions): 

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

Provide a comprehensive list of all relevant training courses staff/caregivers have completed:

Please list additional training needs of staff and caregivers: ____________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

What kinds of community linkages does your organization have? Are you a member of or do you liaise with:
☐ Local government HIV AND AIDS advisory bodies or task forces e.g. War rooms, SANAC, Child protection forums
☐ NGO networks
☐ Local clinic
☐ Other (please specify) _________________________________________________________________

Do you work with the Provincial Department of Health and/or Social Development? If so, please describe how:

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

Please describe any income generation activities at your project (activity start date, who is involved, how much profit do you make a month): ____________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________
What is the long-term vision for your organization? Where do you see this project in 5 years?

___________________________________________________________________________________________
___________________________________________________________________________________________
How do you plan to work towards your vision and sustain the project when the grant period is over?

___________________________________________________________________________________________
___________________________________________________________________________________________
Do you have any funding applications currently being considered? Which donors?

___________________________________________________________________________________________

Is the Project in good financial standing? If not, please explain the issues affecting the Project (i.e. bad debts, creditors are threatening or undertaking legal action, prior misuse of funds or fraud claimed against Project and/or members):

___________________________________________________________________________________________
___________________________________________________________________________________________

Contributions from the Community
What has the community contributed to the project? Please check all boxes that are relevant to your project. Provide amount, date and purpose of cash contribution.

☐ Community cash Amount:___________ Year: _______ Purpose: _______________

☐ Community labor: _________________________________________________________________

☐ Community volunteers: _____________________________________________________________

☐ Community food contribution: _______________________________________________________

☐ Community clothing contribution: ____________________________________________________

☐ Community donation other (please specify kinds such as office space, etc.): _______________
Contributions from Non-Governmental Donors
What have other donors contributed to the project? Please list your Project’s top 6 non-governmental funders. Provide name of donor, amount, date and purpose of contribution. Continue on separate piece of paper if necessary.

☐ Other donor:_______________________________________________________________________
   Amount:                                Year:                       Purpose:

☐ Other donor:_______________________________________________________________________
   Amount:                                Year:                       Purpose:

☐ Other donor:_______________________________________________________________________
   Amount:                                Year:                       Purpose:

☐ Other donor:_______________________________________________________________________
   Amount:                                Year:                       Purpose:

☐ Other donor:_______________________________________________________________________
   Amount:                                Year:                       Purpose:

☐ Other donor:_______________________________________________________________________
   Amount:                                Year:                       Purpose:

Contributions from South African Government
Is your organization supported by the Department of Social Development or Department of Health (please specify the year of funding, amount of funding and activity supported, primary contact person at the department with phone number):

**U.S. Government Support**
Has your organization ever received funding from the U.S. Government or PEPFAR? Yes____ No____
*(If yes, please provide dates and purpose of funding)*

Do you now, or have you ever had a U.S. Peace Corps volunteer work with your group? Yes____ No____

**If you are a current or previous Community Grants recipient, please answer the following questions:**
When were you a Community Grant recipient? ____________________________________________________
What was the funding used to purchase or what will be purchased? ________________________________
__________________________________________________________________________________________
__________________________________________________________________________________________
__________________________________________________________________________________________

Please list specific ways the funding positively impacted your organization: __________________________
__________________________________________________________________________________________
__________________________________________________________________________________________
__________________________________________________________________________________________

Please summarize how the grant contributed towards the organization’s long-term goals and/or sustainability, using a few key concrete examples: __________________________________________
__________________________________________________________________________________________
__________________________________________________________________________________________
__________________________________________________________________________________________
__________________________________________________________________________________________
Explain how an additional grant would build on progress made and result in more growth and/or sustainability:

_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________

Have you accessed other donor funding and/or been successful with fundraising efforts since receiving your previous Community Grants funding? _____ Please provide examples:
_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________

If you received Community Grants funding for income generation, please discuss the state of those activities including current number of people involved, amount of profit made per month, how profits are used, and how you expect the project to progress going forward:
_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________
_________________________________________________________________________
**Project Costs**

Please complete the budget sheet below to show the amount(s) you are requesting from the United States Community Grants Program. You do not need to request funds for every budget category. **Total amount of budget should be less than R120,000.**

For your application to be considered, you MUST attach the following documents:
(please tick box when attached)

☐ Copy of annual operating budget for most recent year

☐ A list of committee/Board members with their names, positions, addresses, and phone numbers

☐ A list of all people working in the project (including all staff and volunteers) with names, positions, and starting dates

☐ A map showing how to get to your project from a major road

☐ Copy of most recent bank statements for every account held by your organization. If your organization has had an audit, please send a copy of the most recent audited financial statement

☐ For projects operating on their own land, proof that the project has its own land (in the name of the project) or permission to occupy the land, e.g. signed lease agreement or land deed

☐ Two letters of reference from community stakeholders/partners who are not formally part of your project or organization

☐ A copy of your NPO registration from the Department of Social Development

☐ A copy of your valid registration certificates from Department of Social Development/Department of Health as an ECD centre, a place of safety, or children’s home if you run a crèche or temporarily or permanently house OVC

PLEASE NOTE THAT INCOMPLETE APPLICATIONS WILL NOT BE CONSIDERED.

I hereby certify that the information submitted within this application and supporting documents are true to the best of my knowledge. False claims will result in elimination from consideration.
