Please join us for a futures workshop and information session with staff, alumni and current Fellows of the East-West Center's Asia Pacific Leadership Program (APLP).

The APLP, based in Honolulu, Hawaii, is an innovative 9-month program that links advanced and interdisciplinary analysis of emergent regional issues with experiential leadership learning. The 2012-2013 cohort includes business, government and civil society leaders representing eighteen countries from across the region.

APLP Fellows and Alumni will conduct a simple, thought-provoking futures workshop and briefly introduce the program, then connect with staff based in Hawaii via Skype to open for questions & informal discussion with guests.

Applications for the 2013-2014 cohort are currently being accepted. **EastWestCenter.org/aplp**
