on

Monday 21st October from 2.45 – 4.30pm

Presented by

Panetta Ott,

From the Brown University,

Office of Undergraduate Admissions

&

The EducationUSA Advisor

of the United States-SL Fulbright Commission

The Brown University is the seventh-oldest college in the United States. Brown is an independent, coeducational Ivy League institution comprising undergraduate and graduate programs, plus the Alpert Medical School, School of Public Health, School of Engineering, Executive Master of Healthcare Leadership and the IE Brown Executive MBA. With its talented and motivated student body and accomplished faculty, Brown is a leading research university that maintains a particular commitment to exceptional undergraduate instruction. Brown students have a lot to smile about. Named by the 2010 Princeton Review as the #1 College in America for Happiest Students, Brown is frequently recognized for its global reach, many cultural events, numerous campus groups and activities, active community service programs, highly competitive athletics, and beautiful facilities located in a richly historic urban setting.

The US-SLFC was founded in 1952 by an Agreement between the Government of the United States of America and the Government of Ceylon for the administration of educational exchange programmes in Sri Lanka. The programme aims to promote cultural understanding between the United States and Sri Lanka through mutual academic exchange. To-date over 1000 Sri Lankan and American scholars have participated in various academic programmes monitored by the J. William Fulbright Scholarship Board.
