To: Prospective Offerors

Subject: RFQ for Kitchens Renovation project in St. Petersburg, Questions and Answers

The following questions were asked by the prospective offerors after the Pre-proposal conference on 8 February 2016 and answers provided by the Embassy. Please use this information when preparing your proposals.

If you have additional questions, please let me know.

Sincerely,

  
Myron W. Hirniak  
Contracting Officer

No	Question	Answer
1	If type of kitchens is known then probably a kitchen supplier could provide sizes of table tops? I mean a designed size of course. Exact size we will measure when the furniture is installed.	Table tops (countertops) are made individually only after installation of kitchen cabinets. Kitchen cabinet installation schedule with dimensions are attached. Based on attached dimensions and provided earlier conceptual designs all companies shall be capable to make approximately cost estimates for countertops and backsplashes.
2	Also color of table top would be nice to know. Price in Corian and others depends on color. Could you please tell at least white, brown, black?	Corian color AURORA will be most preferable color to match cabinets. Optionally Corian FOSSIL.
3	Licenses for interiors works such as electrical and plumbing are now required for works on the dangerous sites, e.g. power stations, space launching sites, etc only. The companies which work there do not refurbish apartments. We can provide a license for other types of work. Can we (if we get the contract) submit copies of individual certificates issued to our electricians and plumbers before the work on the site begins.	The awardee must have and be able to provide appropriate business licenses confirming their legal status in the Russian Federation. Furthermore, the awardee must be able to confirm – upon request – that their employees are skilled and licensed/certified to perform the tasks articulated in the scope of work.
4	In the list of GFM I could not see the washing machine, dryer, and dishwasher.	<p>All equipment currently installed in the apartment and based on SOW: 2.  Disconnect all existing appliances protect from damage and relocate them into one of near-by rooms for further installation after kitchen cabinet replacement.</p> <p>The list of existing equipment:  WASHER “BOSCH” 2060  E-Nr. WFH 2060EU/01  DRYER “BOSCH” MAXX  E-Nr. WTL 6101EU/05  DISHWASHER “SIEMENS” DIPLOMAT  E-Nr. SE24200DK/20  TYP S10M1S</p>

5	At the site visit Konstantin was telling about the dimensions that had been taken earlier. I would like to get them.	See attachment
6	Can I offer a quotation from one of my affiliated companies, which is a SRO (Self-Regulated Organization)?	If an affiliated company will perform the work, it should demonstrate all licenses, skills, etc, as required by the RFQ. The payments will be made to the account of this company only. Also see answer to Question 3.
