

FVAP.gov: Your Gateway to State Election Resources.

It is time to mail back your voted ballot! If you haven't received your ballot, ACT NOW. FVAP has helped many states comply with the new federal mandate for electronic transmission of the blank ballot by providing resources to create tools allowing voters to access and mark precinct-specific ballots online. This gives voters access to complete absentee ballots weeks sooner than by waiting for postal mail delivery.

For those voters that don't have their regular absentee ballot from their state, the FVAP has an online automated Federal Write-In Absentee Ballot, which guides the voter through the voting process and provides all federal candidates to the voter, which can be chosen online. The voter then prints and returns the ballot to their state. Both of these initiatives and other online tools provided by states allow for quick, seamless and intuitive ballot marking and return.

Find your State below and follow the link to mark your ballot in less than 10 minutes. The only thing left for you to do is print, sign and return based on methods allowed (mail, email, fax or online delivery system).
