

USAID pre-solicitation announcement:

USAID/Swaziland announces its intent to compete a Request for Application (RFA) entitled “Provision of patient outcome driven mentorship and technical assistance for comprehensive HIV/AIDS/TB Services in the Hhohho and Shiselweni regions with national level technical assistance in pediatric HIV/TB care and treatment and Prevention of Mother to Child Transmission”. USAID and PEPFAR Swaziland regret that we cannot respond directly to questions regarding this RFA. To assure that all interested parties have equal access to information, questions and answers are managed through a centralized process. Please visit the following link for more information.
