The US Government intends to purchase the lowest priced technically acceptable product or service.

All vendors receiving awards over \$25,000 must be registered in the System for Award Management (SAM). When submitting your bids, write your SAM Registration information directly and clearly on your quotation.

We encourage all vendors which may bid either on this solicitation or in the future to start now and complete the SAM registration process. Registration will make the award process move much more smoothly and quickly. The registration process is not difficult, provided all instructions are followed carefully. Please see our Embassy Contract Opportunities web page for details or call us if you have questions

Any questions regarding this Request for Quotation must be directed to the Contracting Officer +255-22-229-4121 during office hours.

Sincerely,

The Contracting Officer

# Statement of Work

---

## **PAINTING OF THE BOUNDARY WALL AND GATE REPLACEMENT FOR RESIDENCE 1335 MWAYA ROAD**

**NOV 03, 2015**

### **1. Background:**

This Statement of Work is for the residence 1335 located at Mwaya Road, Masaki Dar es Salaam. This residence will need the existing boundary wall to be painted and the vehicle entrance gate and support pillars/columns be completely replaced with new.

### **2. Objectives:**

- Paint entire interior and exterior of existing wall.
- Replace the existing vehicle entrance gate with new ones. Add small entrance door for guards.
- Replace the existing cracked pillars on both sides of the gate.
- Install two gate light fixtures (2) by the use of with in concrete conduit pipes. The switch for these lights has to be located inside the guard booth.
- Install eye view on one of the gates.

### **3. Contractor's requirement:**

The contractor shall provide all necessary equipment, labor and tools required to undertake this project.

### **4. Specific Requirements:**

#### **4.1. Vehicle Gate:**

- 4.1.1. Remove existing gate and provide temporary gate enclosure during time of project. Install the new gates and add small entrance door for guards. Install the eye view.
- 4.1.2. Demolish two existing cracked gate pillars and construct new ones on both sides of the gate. Install two gate light fixtures and replace all the existing electrical wiring. The light switch shall be located inside the guard booth.

#### **4.2. Boundary Wall:**

- 4.2.1 Paint both the interior and exterior sides of the walls where applicable with primer and at least two (2) coats of weather guard paint preferably Sadolin or Gold star paint. Apply two (2) coats of oil paint to the skirting to a level of approximately 1 foot from ground level.

### **5. General Requirements:**

- 5.1. The contractor will have thirty (30) days, counted from the date s/he received the Purchase Order to meet all the requirements in the Statement of Work (SOW), including

installing the material supplied and fabricated by the contractor, painting, cleaning, etc. A fully renovated wall and gate has to be commissioned within the specified period.

5.2. All works shall be of the highest standard. All material and equipment required under this contract shall be of the highest quality. Sample of the material must be provided by the contractor for approval before installation/application. Failure to receive such approvals may result in the contractor being required to redo the work with no additional compensation.

5.3. Any damage done by the contractor must be restored to the condition existing at time of award of contract during the installation time.

5.4. Any damage to electrical, water and other utility lines done by the contractor during excavation due to carelessness or negligence shall be repaired or replaced at the Contractor's expense.

5.5. When required, the Contractor shall provide necessary barrier and direction signs so that pedestrian and vehicle traffic is routed around the area while work is in progress.

5.6. All personnel engaged in the contract activities specified herein must be licensed by the Tanzanian government authority in those trades, crafts or professions that require licensing by such jurisdictions. The license must be of a grade or other level consistent with the requirement of the work being performed and/or as established by the above jurisdictions.

5.7. The Contractor shall be responsible for complying with any applicable laws, codes, and regulations in connection with the prosecution of the work. Additionally, the Contractor is responsible for obtaining all permits, licenses, etc. that are required by law.

5.8. The Contractor shall haul all removed debris from the project site and dispose of it in a proper, acceptable manner off the job site property. The debris created from this project will not be disposed of at the job site or on Mission property. Disposal of all waste material shall be in accordance with all applicable environmental regulations.

5.9. The Contractor shall notify the Contracting Officer for a final inspection.

The Contractor must coordinate access and activities with the Facility Maintenance office.

## **6. Expertise Requirements:**

The Contractor shall provide proof of license where required.

## **7. Warranty and Service:**

7.1. The Contractor must provide 12 months guarantee counted from the date of commissioning to cover for any crack, rust or malfunctioning of gate parts.
