

PEACE CORPS TUNISIA

The Peace Corps program is reopening its office in Tunisia and seeking qualified local candidates for personal services contracts. Peace Corps will place American Volunteers in two-year assignments in villages and towns across the country. Established by President John F. Kennedy in 1961, Peace Corps exists to promote world peace and friendship. Our mission is described in the three goals:

1. Assist interested countries in meeting their need for trained men and women.
2. Promote a better understanding of Americans by citizens of the host country.
3. Promote a better understanding of other people/cultures by Americans.

We are a start-up operation in Tunisia. We will require staff who are flexible, hard-working, willing to contribute in many ways, and comfortable working in an ambiguous and changing environment.

Peace Corps immediately seeks an Information Technology Specialist.

Position description:

The Information Technology Specialist (ITS) keeps all Peace Corps Tunisia networks and communication systems functioning so that data can be accessed and exchanged securely at all times.

The ITS is the primary contact for first-tier technical support. Duties include:

- Administering the local IT systems and networks
- Providing technical support to Peace Corps staff
- Maintaining mandated configurations in collaboration with Peace Corps Washington
- Ensuring that all IT systems adhere to Peace Corps and US Government policy
- Training Peace Corps staff in use of technology

This position requires strength in problem solving, working independently, and adherence to policies and guidance set by Peace Corps Washington.

Qualifications Required:

Language: Fluency in Arabic, French, and English.

Academic: Completion of education resulting in the equivalent of a baccalaureate degree in information technology or computer science, or the completion of five-years of work experience providing equivalent qualification.

Work Experience: At least two years of experience in network administration, troubleshooting Windows computer systems, providing technical support, and training computer users.

The United States Peace Corps is an Equal Opportunity Contractor. **Interested candidates should submit a CV and a cover letter in English** by email to: AOTunisia@peacecorps.gov no later than Friday, June 29th, 2012. **The subject line of the email must include “ITS Application.”** Only applicants that are selected for interviews will be contacted.
