

U.S. EMBASSY in ANKARA, TURKEY

SOLICITATION for EBO FURNITURE in GAZIANTEP

ANSWERS TO QUESTIONS NO. 2

STU150-14-M-3092, 12/11/14

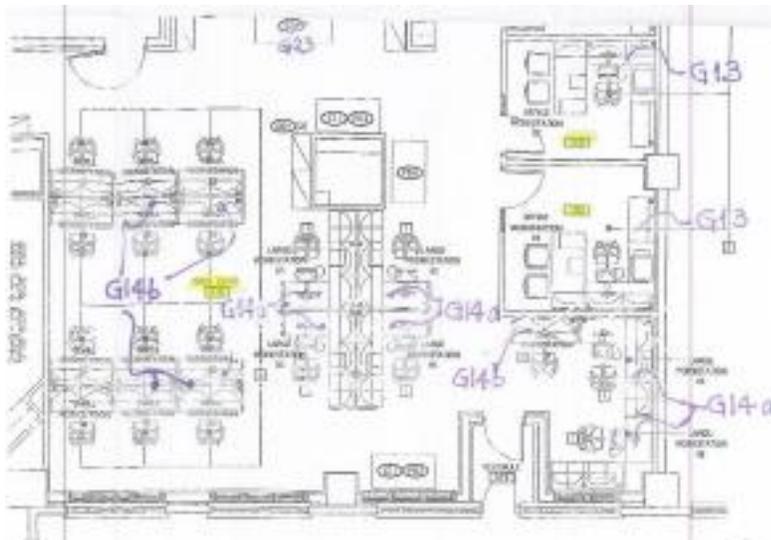

Below is the second list of questions received after the site visit held on December 5, 2014 and their respective replies:

1. May we please have Attachment B, Bill of Quantity (BOQ) in Word or Excel version? **Yes, it is in the attached. Please copy this document on your computer and fill-in.**
2. Does the coffee table (G15) in the interview room no. 102 have to be 80cm in diameter? **No; as with all the furniture, the potential offerors are flexible to propose the dimension of the furniture which are closest to those dimensions of their own manufacturing line. For the coffee table, a minimum diameter of 60cm will suffice.**
3. Does the wood finishing of the furniture have to be of laminate? **No, the potential offerors can propose melamine finishing but has to note this fact in their technical proposal. None of the wood should contain cancerous or VOC (volatile organic compounds) material such as formaldehyde.**
4. Can we propose more than one furniture type? **Yes, but no more than 2 models can be proposed and the pricing and technical proposals for both models have to be submitted.**

Correction on question no. 2 of "Questions and Answers no. 1":

5. The number of office work stations seems to differ from that listed in Attachment B, BOQ. Which one is correct? **The furniture list in Attachment B is correct and matches the number of furniture on the plan. The following work stations exist:**

Item #	Furniture Type	Qty.
G13	Office Work Station Type1 (U-shaped)	3
G14a	Office Work Station Type2 (L-shaped)	6
G14b	Office Work Station Type3 (I-shaped)	13
