

U.S. MISSIONS in TURKEY

SOLICITATION for 4th of JULY CATERING SERVICE

ANSWERS TO QUESTIONS NO. 1

STU150-13-R-3022

After the questions received and replied during the Pre-Proposal Conference conducted on May 03, 2013, below are questions received from one of the potential offerors and their replies:

- 1) We have written our past, previous services for catering in the List of Completed Services; but we could not be sure what to write in the List of Ongoing Services.

List of Ongoing Services should include catering services for which your company has signed a contract but it has not been realized yet, i.e. any service which have not been completed and are ongoing. These lists should include services of similar nature to our catering requirement.

- 2) In Attachment A, the unit price only covers the food; we are not including extra service (staff, etc.) in it right?

The unit prices for each type of hot, cold and desert dishes should be all inclusive for staff and overhead charges. The overhead line at the bottom of the chart in Attachment A has been taken off.
