

# Who Am I? Infographic Contest

Make an infographic about yourself. Don't know how? Well, we learn by doing. I just started making my own infographics a month or two ago. See my "Who Am I?" infographic to the right? You can do *much* better than that. (See the larger version at the end of this document).

An infographic combines pictures, graphs, and words to communicate an idea. They are super popular now, because with so much information available, and with our little mobile devices, we don't want to read long blocks of text.

## Who can enter?

Ukrainian students and teachers of English from ages 13 and up may submit **one** "Who Am I" infographic. Submit the following information in an email along with an attachment of your infographic: **Name, age, city.**
