

How to turn a trash into treasure

Cherkasy Access Program Earth Day winners:

1. Iryna Hrebeniuk makes a mailbox using the old computer case

2. The vase is made of empty jars.

Combining four jars adjustment holes drilled at top and bottom of jars, in single bank bottom, one of the cans poured stones for stabilizing

Once finished weaving cover our vase primer (PVA glue with water 1:1 dilutions) after drying vase cover with 2 layers of varnish, in my case Honed transparent varnish for baths and saunas, this varnish gives a more natural look without the glitter.

In the finished dried vase can insert willow twigs like me or you want at your discretion

3. Small Lamps turn into Christmas TOYS!
