PROGRAM OVERVIEW

The Teaching Excellence and Achievement Program (TEA) will provide international teachers with unique opportunities to develop expertise in their subject areas, enhance their teaching skills, and increase their knowledge of the United States.

The Teaching Excellence and Achievement Program (TEA) will provide approximately 178 secondary school teachers from Europe and Eurasia, East Asia and the Pacific, the Near East, South and Central Asia, Sub-Saharan Africa, and the Western Hemisphere with a six-week professional development program at one of eight selected U.S. universities. The international participants will travel to the United States in two cohorts of 88-90 teachers each in spring or fall 2013. TEA consists of academic seminars focusing on teaching methodologies, curriculum development, lesson planning, teaching strategies, and instructional technology training. Intensive English language instruction will be offered to teachers who need additional practice. The program will also include a practicum at a U.S. secondary school where participants work closely with U.S. teachers and teach and present to U.S. students. Cultural enrichment, mentoring, and support will be provided to participants throughout the program.

After returning home, teachers will be eligible to participate in a small grants program to request funds for essential teaching materials, follow-on training for other teachers, collaborative projects between their home schools and U.S. schools, and other activities that build on the exchange experience.
