

## VACCINATION FEES AT THE HEALTH SCREENING CENTERS

If you are not fully vaccinated or you have no documentation of your vaccination record, you will be required to have the necessary vaccinations before the immigrant visa can be issued to you. The vaccinations may be performed by your own GP, or a medical facility authorized to administer vaccines. The vaccinations may also be performed by the Embassy's physician on the day of your medical examination if you so wish. The following is a list of costs for vaccines performed by the Embassy physician. Payment may be made in cash, or by credit card, Visa or MasterCard only, or debit card.
