Similar importation restricts are being implemented in other countries. For a complete list of affected countries with similar wood importation restrictions and the effective date of the restrictions, visit the USDA website. Because similar wood restricts are already in place in the European Union, shipments destined or transiting through our storage facility in ELSO Antwerp should also be heat treated or fumigated with methyl bromide. If the fumigation method is chosen post needs to take precautions to ensure only the wood products are fumigated. Do not, repeat do not fumigate a crate or container with personal effects inside.

TOTAL _____

*This estimated amount is based on total estimated Government requirements. This means that if more than one award is made, the estimated amount of work awarded under task order(s) to any single contractor will be less than the amount shown.

The Government will not consider any claim for any additional compensation unless it has been authorized by the Government in writing in advance. The Government shall not be responsible for any work performed that is not specifically provided for under this contract or authorized by the Government in writing in advance.

2. ORDERS.

All requests for shipments or performance of individual jobs under this contract shall be issued via an order placed by the Contracting Officer. This task order will contain the following information:

- (a) Name of contractor
- (b) Contract number
- (c) Date of purchase
- (d) Purchase number
- (e) Name of person placing order
- (f) Itemized list of shipment and services furnished
- (g) Quantity, unit price, and total price of each item or service, less applicable discounts

Orders may be placed orally initially, but must be followed up in writing within 48 hours via issuance of a task order. Only a Contracting Officer may place an order, either orally or in writing.

If more than one contractor has received an award for these services, the following procedures shall govern the issuance of individual orders. No work shall be performed without an order being issued to the contractor by the Contracting Officer.

(1) As the need for services arises, the Government will develop a price estimate. If the estimate does not exceed US\$3,000, the Government will follow the procedures in paragraph (2) below. If the estimate exceeds US\$3,000, the Government will follow the procedures in paragraph (3) below.

(2) Orders not exceeding US\$3,000 - The Government will select a contractor for issuance of the order. This decision will be based on the Government's best interests, which may include factors such as estimated price and past performance record.

(3) Orders exceeding US\$3,000 - Unless one of the exceptions in paragraph (5) below applies, the Government will follow one of the following two scenarios:

(a) The Government will request each contractor to perform, AT NO COST TO THE GOVERNMENT, a pre-shipment survey after which the contractor will present an estimate to the Government. Whether or not the contractor is selected for an individual order, the Government shall not be liable for any claim from the Contractor for the costs of performing the pre-shipment survey. Selection will be based on a combination of estimated price and past performance information; or

(b) If the Contracting Officer can establish which Contractor's prices will result in the lowest price for the individual order without requesting a pre-shipment

survey, the Government will make its award selection based upon the prices set forth in the contract and past performance information gained as a result of contractor performance under this contract.

(4) Regardless of whether the procedures in paragraph (2) or (3) above were followed, selection of contractors shall not be protestable to GAO under Subpart 33.1 of the Federal Acquisition Regulation, except on the grounds that the order increases the scope, period, or maximum value of the contract. However, the Department of State does have an Acquisition Ombudsman who will review complaints by contractors to ensure that all contractors are afforded a fair opportunity to be considered for these task orders, pursuant to the procedures for award of task orders established herein.

(5) Exceptions to the procedures in paragraph (3) above:

(a) The agency need for the required services is of such urgency that providing such competitive opportunity would result in unacceptable delays;

(b) The order should be issued on a sole-source basis in the interest of economy and efficiency as a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order.

(c) It is necessary to place an order to satisfy a minimum guarantee.]

The COR will give the Contractor a completed "Request for Shipment" form which is the notification of scheduling and authority to proceed if "confirmed" is indicated. This form will not be given to the Contractor unless a task order has already been issued by the Contracting Officer. If "tentative" is checked, the contractor shall contact the COR for information/instructions.

Pre-shipment Survey. Before the HHE has been packed, the contractor shall, in connection with each instance of Household Effects services in this contract, make an on-site pre-shipment survey of the items to be shipped and/or stored to determine the approximate net weight of each category. The survey shall be conducted by an approved Estimator. The survey must list the major items of furniture, appliances and equipment which are to be included in the shipment and/or storage lot. It must also state the number of cartons and crates necessary to properly protect the loose and fragile items. The Contractor shall give a copy of each survey, signed and dated by the estimator, indicating total estimated net weight of both the export shipment and storage lot to the client 24 hours upon completion of the pre-shipment survey. A pre-shipment survey which deviates more than ten percent, either high or low, in either the export or storage estimates, will be documented by the COR in the contractor's performance file. "Registered in the **SAM** database" means that-

- (1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the SAM database;
- (2) The Contractor's CAGE code is in the **SAM** database; and

The Contractor will be required to provide consent for TIN Attachment, Page 1 of 4 validation to the Government as a part of the **SAM** registration process.

"System for Award Management (SAM)" means the primary Government repository for prospective federal awardee information and the centralized Government system for certain contracting, grants, and other assistance related processes. It includes-

- (2) The **SAM** registration shall be for the same name and address identified on the contract, with its associated CAGE code and DUNS or DUNS+4.
- (3) If indicated by the Government during performance, registration in an alternate system may be required in lieu of SAM.

(c) If the Contractor does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

To remain registered in the **SAM** database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the **SAM** database to ensure it is current, accurate and complete. Updating information in the **SAM** does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g) (1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer sufficient documentation to support the legally changed name with a minimum of one business day's written notification of its intention to-

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for *Listed End Products* (*Executive Order 13126*).
