STUDY/RESEARCH OBJECTIVES

Write a clear and detailed description of your study objectives, and give your reasons for wanting to pursue them. Be specific about your Major field and your specialized interests within this field. Describe the kind of program you expect to undertake, and explain how your study plan fits in with you previous training and your future objectives.

PERSONAL STATEMENT

This should be a narrative statement describing how you have achieved your current goals. It should not be a mere listing of facts. It should include information about your education, practical experience, special interests, and career plans. Describe any significant factors that have influenced your educational or professional development. Comment on the number of years of practical experience already completed in the field in which academic work will be done in the U.S.
