(As of February 2010)

The following includes four hospitals in Istanbul with who speak English.

This list does not constitute a recommendation by the Consulate General of the hospitals.

## **HOSPITALS**

### **AMERICAN HOSPITAL**

Address: Guzelbahce Sokak, No: 20 Nisantasi Tel: (212) 444 3777

[www.amerikanhospitalistanbul.com](http://www.amerikanhospitalistanbul.com)

American Hospital has 262 beds and is equipped to treat medical, surgical and maternity patients. Founded in 1920 by Admiral Mark L. Bristol, American Hospital was the first non-profit private hospital of Turkey. The early Hospital was subsidized by the Red Cross and began service in a wooden mansion. At the time, the hospital was located in the historical peninsula of Istanbul and was owned by a New York based company called "American Hospital of Istanbul Inc". In 1939, the Hospital moved to its current location, in Nisantasi, a historical, yet renovated high profile area in the city center of Istanbul.

In 1995, Vehbi Koc Foundation acquired the American Hospital. Since then, there have been several expansions including additional buildings and floors.

The doctors have an adequate command of English, most of them can also speak second languages such as French, German. In addition to routine hospital care, services include intensive care (neo-natal, coronary and general intensive care units), 24-hour emergency coverage, and a complete diagnostic center with ultrasound, angiography, PET CT scanner, mammography & others.

American Hospital collaborates with several institutions, and worldwide renowned hospitals. Such collaborations enable us to benefit from their experiences, exchange information on up-to-date medical practices and team up for educational purposes to improve our patient care. The list of our affiliations is as follows: New York Presbyterian Hospital, The Methodist Hospital, Texas Children's Hospital, The University of Texas, MD Anderson Cancer Center and European Institute of Oncology

Our latest collaboration is with The University of Texas, MD Anderson Cancer Center. Our Radiation Oncology Department was opened on January 28, 2010. Radiotherapy procedures performed at VKF American Hospital Radiation Oncology Center are carried on under the supervision of Associate Professor Uğur Selek, MD who is a member of the teaching staff of Texas University, MD Anderson Cancer Center.

For the International Patients, there is a special department at American Hospital. It provides complete services for the patients visiting the hospital from countries outside of Turkey. International Patient Relations staff coordinates all aspects of each international patient's visit ranging from managing medical consultations, insurance procedures, and hospital admissions to travel and hotel arrangements. Our staff is committed to making international patients and their families feel comfortable during their stay.

### **INTERNATIONAL HOSPITAL**

Address: Istanbul Cad. 82 Yesilkoy; Tel: (212) 468-4444 (25 lines)

[www.internationalhospital.com.tr](http://www.internationalhospital.com.tr)

Located close to the airport, International Hospital has 154 beds, including 8 coronary-care and 10 surgical-care beds. It is privately owned and equipped with up-to-date technology. A complete range of medical services is provided, including internal medicine, general surgery, obstetrics and gynecology, pediatrics and pediatric surgery, cardiovascular surgery, neurosurgery, orthopedics and nuclear medicine. The International Hospital's Emergency Department is open 24 hours a day, as is its laboratory.

The International Hospital's administration, physicians and staff are Turkish. Many of the hospital doctors speak English and have postgraduate experience in the United States.
