- m. **EVIDENCE OF SUPPORT.** You should be able to demonstrate that you will not become a public charge or be a burden on the U.S. taxpayers for financial support. A completed I-134 Affidavit of Support Form

The head (measured from the top of the hair to the bottom of the chin) should measure between 1 inch to 1 3/8 inches (25 mm to 35 mm) with the eye level between 1 1/8 inch to 1 3/8 inches (28 mm and 35 mm) from the bottom of the photo. See http://travel.state.gov/visa/temp/info/info_1287.html for detailed instructions.
- o. **MEDICAL EXAMINATION.** All K1 and K2 visa applicants must complete a medical examination at St. Luke's Extension Clinic. Refer to the instructions (see separate page) regarding the medical examination.

IMPORTANT REMINDERS

- **Come To The Embassy On Your Appointed Interview Date.**
- If you are eligible for a K1 or K2 visa, your passport with the approved visa will be delivered to your designated delivery address at **no additional cost**. The Embassy uses a guaranteed courier service to handle visa deliveries. **2GO** commercial courier is the new Embassy's authorized courier service provider for the visa units. Delivery should be within two weeks from your visa issuance. Applicants also have the option to pick up the visas at any 2GO branch.
- If we have questions about your application, we will send a letter and ask you to submit additional documents, or to return to the Embassy for another interview. No Embassy representative is authorized to tell you that a visa has been approved until a consular officer authorizes printing of the visa.
- For the safety and security of all applicants and employees, visa applicants are no longer permitted to bring cell phones or other electronic devices into the U.S. Embassy. Applicants who bring such devices will be denied entry. Please make arrangements to leave your electronic equipment in a safe location off Embassy grounds during your interview appointment.
- We will try to return documents that you submitted and asked us to return, but do not give us anything that cannot be replaced. Make copies of important documents and submit copies along with the originals you want returned to you.
- Your passport must be valid for at least six (6) months. We will ask you to submit a new passport if your current one has a validity of less than six (6) months.
- The K1 or K2 visa is **NOT** an immigrant visa (IV), nor is it a lawful permanent resident card (green card). The K1 visa is a nonimmigrant visa (NIV) that allows you to travel to the United States to marry **your petitioner** within 90 days of your entry to the United States. Once you marry, you need to apply to the USCIS to adjust your status to a legal permanent resident (LPR). Traveling outside of the U.S. while an adjustment of status application is pending may have severe consequences. You should contact the USCIS before you travel to determine if you require a travel document to re-enter the U.S. It is important that you obtain proper

documentation before leaving the United States, even on an emergency. The K1/K2 visa is valid for only one-entry into the U.S. Once you enter U.S. territory, e.g., Guam, you will not be allowed to re-enter the U.S. on the same visa if your onward flight transits a third country.

- Minor children who are identified and listed in the approved I-129F petition may follow-to-join their petitioned parent. **However, such follow-to-join K2 visas can only be issued within one year from the time the parent was issued the K1 visa.** After one (1) year, they will no longer be able to derive immigration benefits from the I-129F petition and you or your spouse will have to file an immediate relative or second preference petition for them to qualify again for immigration benefits.
- If you have one or more children not listed on the visa petition, **or** a current pregnancy, **or** a prior undisclosed marriage even if the marriage has now been terminated, **or** are currently afflicted with a contagious or communicable disease of public health significance, you must be prepared to present a notarized letter from the petitioner stating he/she is aware of the discrepancies between the facts stated on the petition and your actual personal circumstances, and still wishes to proceed with the proposed marriage.
- **Do not finalize arrangements for travel to the United States, dispose of properties, or resign from your job until a visa has been issued and delivered to you.** Generally, a one-entry fiancé(e) (K1) nonimmigrant visa is valid for six months from the date of issuance, unless its validity is limited by medical or other restrictions.

WARNING

VISA FRAUD IS A SERIOUS OFFENSE. ATTEMPTS TO MISREPRESENT A MATERIAL FACT OR MISLEAD A CONSULAR OFFICER MAY JEOPARDIZE CURRENT AND FUTURE VISA APPLICATIONS.

MEDICAL EXAMINATION INSTRUCTIONS FOR FIANCE(E) VISA APPLICANTS

Under U.S. immigration law, **ALL** applicants for fiancé(e) visas are required to undergo and complete a medical examination, regardless of age. The medical examination findings by a panel physician are binding on the consular officer and used to determine eligibility to receive a visa.

St. Luke's Medical Center Extension Clinic (SLMCEC) is the Embassy's accredited medical facility. It is located at 1177 J. Bocobo St., Ermita, Manila. The telephone numbers are 521-0020 and 521-8647, and it is open for business Monday through Friday (except on Philippine holidays), from 6:00 p.m. to 4:00 p.m. When you go to SLMCEC for medical examination, you must bring your passport and one photo (size: 2" x 2").

It is important to complete your medical examination before you come to the Embassy for your visa interview. Otherwise, your visa application may be refused or you may be asked to return for another appointment. The medical examination results are delivered directly to the Embassy.

First-Come, First-Served

Applicants are examined on a first-come, first-served basis. Medical examinations may take more than one day to complete. Female applicants may request a female doctor to perform the examination. Unless it is necessary, do not bring companions due to space limitation at the clinic.

Fees

The medical examination fee is **US\$223.35** for adults (15 years of age or older) and **US\$185.35** for children (14 years of age or younger). Repeat X-rays will cost **US\$7** each. Fees must be paid **only** in Philippine pesos at the prevailing exchange rate.

X-Rays

A chest X-ray is not required for children below 15 years old, unless symptoms of tuberculosis (TB) exist, there is a history of TB, or there has been possible exposure of TB with a known case such as a family or household member with TB.

The U.S. Public Health Service/Centers for Disease Control (USPHS/CDC) mandates women who are pregnant to have chest X-ray examinations conducted. Chest X-rays for pregnant women are not dangerous if taken with the proper shielding. Applicants who have previous chest X-rays must bring the results with them to SLMCEC for comparative analysis.

VACCINATION REQUIREMENT FOR “K” VISA APPLICANTS

U.S. immigration law requires that **ALL** immigrant visa applicants be vaccinated against certain vaccine-preventable diseases before they can be admitted to the United States for permanent residence.

Vaccinations currently required are as follows:

- Mumps
- Measles
- Rubella
- Polio
- Tetanus
- Diphtheria
- Pertussis
- *Haemophilus influenzae Type B*
- Rotavirus
- Hepatitis A
- Hepatitis B
- Meningococcal disease
- Varicella
- Pneumococcal
- Influenza
- Any other vaccinations recommended by the Centers for Disease Control (CDC) and Advisory Committee for Immunization Practices.

Note: *On December 14, 2009, the 2009 Technical Instructions for Panel Physicians for Vaccinations had replaced the 2007 Vaccination Technical Instructions for Panel Physicians. For more information, please [click here](#).*

“K” visa applicants, as nonimmigrant visa applicants, are technically not subject to the vaccination requirement. “K” visa applicants who refuse to comply with the vaccination requirement **will not** be denied a visa on that basis. As a matter of expediency, however, it is encouraged that “K” visa applicants meet the vaccination requirement before they are admitted into the U.S.

Bring Your Vaccination Records for the Panel Physician’s Review

You should bring records to show that you have already received vaccinations against certain vaccine-preventable diseases. The panel physician will review the vaccination records and will determine if you meet the vaccination requirement. Only the panel physician can determine which vaccinations are medically appropriate. This could mean that you may be required to repeat doses of vaccines that you have already received. Administering a second dose, however, will not endanger your health.

Adjustment of Status Application after “K” Applicant’s Admission into the U.S.

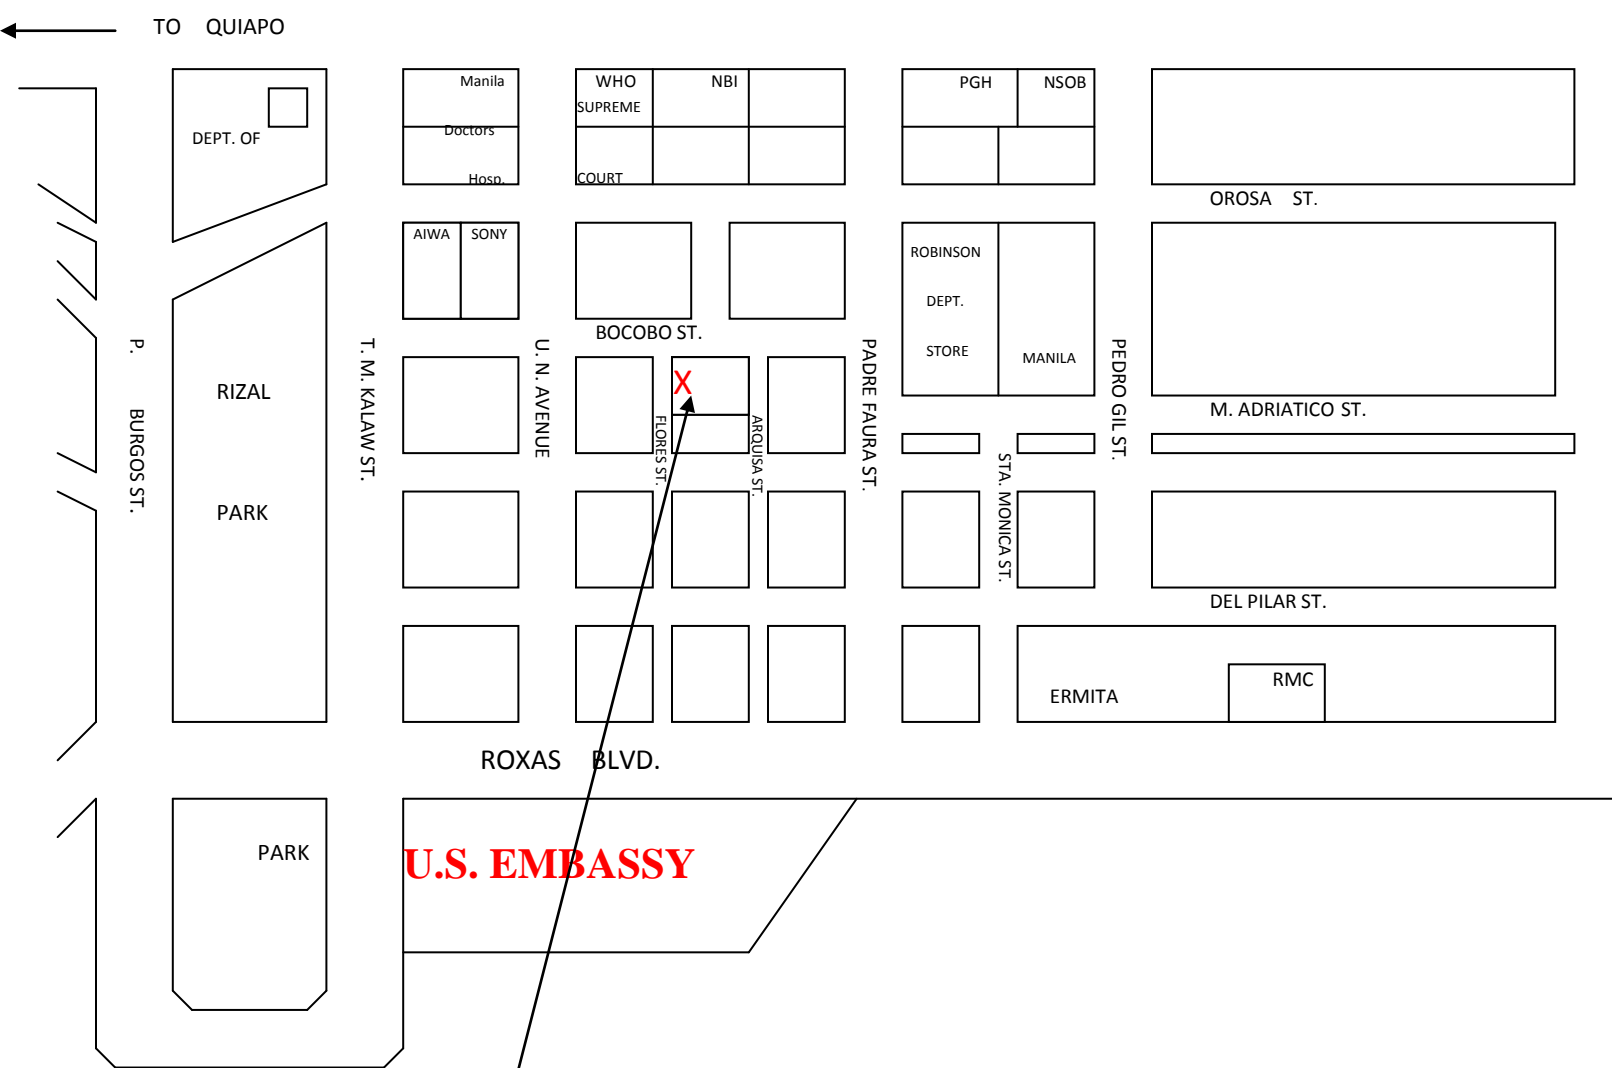

After you have been admitted to the U.S. in “K” status and apply for adjustment from nonimmigrant to a permanent resident (green card holder), the U.S. Citizenship and Immigration Services (USCIS) will use the panel physician’s vaccination assessment to determine your admissibility on medical grounds. Applicants who have not

fully complied with the vaccination requirement will have to do so before they may finalize their adjustment of status in the U.S.

Vaccination Requirement Waiver

A decision to grant a waiver of the vaccination requirement will only be made at the time an adjustment of status is filed and reviewed by the USCIS.
