

PEPFAR NIASSA

PARTNERSHIP FOR AN AIDS-FREE MOZAMBIQUE

MISSION

The U.S. President’s Emergency Plan for AIDS Relief (PEPFAR) is a proud partner in Mozambique’s fight against HIV/AIDS by supporting the global priorities set forth in the AIDS Free Generation policy while concurrently partnering with the Government of Mozambique’s National Accelerated Response to HIV/AIDS. PEPFAR represents the largest commitment by any nation to combat a single disease internationally and to date has contributed approximately \$1.9 billion USD in an effort to treat current infections while combating the spread of new ones. With a national adult HIV prevalence rate of 11.5%, PEPFAR works across all 11 provinces and with 92 separate partners. Working through the U.S. Embassy in Maputo, PEPFAR prioritizes high-impact interventions and geographic areas, while focusing on a continuum of response by addressing key and vulnerable populations. PEPFAR’s work in Niassa is critical for an AIDS Free Mozambique.

ALLOCATIONS

FY12 PEPFAR Allocations to Niassa

Treatment	\$3,130,905
Care	\$1,043,131
Prevention	\$1,465,188
Health Systems Strengthening	\$1,242,330
Total	\$6,881,554
